

PROCESS & INSTRUMENTATION DIAGRAM — CHILLED WATER PLANT (N+1)

Dual-path chilled water: chillers, primary pumps, buffer tank, headers to CRAH units. Instrumentation per ISA-5.1 (representative).

LEGEND (ISA-5.1 representative)

- Circle with line - field instrument (TT/PT/FT/LT)
- Bowtie - isolation valve
- Circle with 'P' - pump
- Rectangle - chiller / equipment
- Solid line - CHWS / CHWR piping
- N+1 duty / standby arrangement

NOTES:

- Schematic P&ID; not all valves/drains shown.
- N+1 cooling per SPEC-MDC-P1-RevC MECH-3.2.1.
- Concurrent maintainability per MECH-4.2.1.
- Instrument tags representative (ISA-5.1).
